

**Sadak**

Sadak Fig Trading Group

## Sadak's Dried figs

Figs produced by Sadak Trading Company are cultivated in the best agricultural lands of the Middle East and no chemicals have been used by the farmers. After harvesting the figs in both traditional and industrial methods, they are dried and packaged in Sadak's advanced factories. In all stages of dried fig production, they are sampled and sent to the company's laboratories to ensure the health of the product.
